### Web developer intern

Ckcnet, 2024

- Version Control & Collaboration : Proficiency in Git/ GitHub for project tracking. and teamwork.

## Skills

### High level langages

React, Typescript,  
Java, C#

### Low level langages

C, C++, Bash

### Systems

Docker, Linux

### Databases

Neo4J, MySQL, MongoDB

### Electronics and IOT

Arduino, Raspberry

### Team collaboration

Git, SCRUM

## Noteworthy projects

### Smart sofa table

Connected low table with a raspberry containing a fully local STT model and an arduino. (microphone, rfid, speaker...)

### Connected mosquito trap

Arduino with a lorawan module capturing mosquitos with co2 liquid and a fan. (data displayed on a vue.js app)

## Langages

### French

Mother tongue

### English

C1 - TOEIC (955)

### Mandarin

Notions

## Points of Interest

### Sports

Boxing

### New technologies

Mini server, Raspberry

## Contact
